Blues Lead in the Campaign, but Their Red Rivals in the Good Cause Press Them Very Hard—Fine Work All Down the Line

3 o'clock
423

Standing at 3 o'clock: Red team, 208; Blue team, 205. Total, 413.
John C. Anderson leads the individual workers with 35 new members to his credit.
At 2:45 the campaigners had exactly doubled the number, 201, they started out to get at 9 this morning.

Beginning at nine o'clock this morning the thermometer in the big thermometer outside the headquarters of the Young Men's Christian Association campaign, on Fort street, rose rapidly at the rate of one degree a minute, and at eleven o'clock had reached the two hundred and one mark, showing that the "201 members on January 10" had been secured just two hours after the campaign started.

Imbued with the spirit of the occasion, the members of the Red and Blue teams were on hand at an early hour ready to begin the campaign, and promptly at one minute before nine o'clock Chairman Towse, of the membership committee, announced that twenty-five of the twenty-six teams were at work, and at that moment A. L. G. Atkinson came in, and he, with E. A. Mott-Smith, formed the twenty-sixth team. Everybody at headquarters was busy. Captains Angus and Berndt took their stations at the telephones over which the five-minute reports were coming in, while A. E. Larimer, A. A. Ebersole and Jay Urlice furnished information and took charge of posting the returns on the bulletin. Ed. Towse and Charles R. Frazier had charge of the solicitors and entered the new members. Crowds quickly gathered in front of the big bulletin boards, one of which was located at headquarters and the other in the window of the Office Supply Company.

Reports slow at first. At eleven minutes past nine o'clock reports began to come in slowly at first, and then at such a rate that one of the secretaries was continually passing the little red and blue men on the bulletin board. The thermometer in the thermometer leaped up and at nine-fifteen o'clock the Reds were credited with three new members and the Blues with twelve, making a total of fifteen. It was at this point that the Blue contingency took the lead and kept it throughout the morning. When ninety-three came around, things looked still better and fourteen was the score of the Reds and twenty-one for the Blues, making a total of forty-one for both teams. Every five minutes the telephone bells rang and the captains registered an increasing number of new members. At nine-fifty the Reds reported twenty and the Blues thirty-two, and in five minutes this number was raised to an even sixty, the Reds having twenty-eight and the Blues thirty-two.

One a minute. The full reports of both teams came into headquarters at ten o'clock, the Reds having a total of twenty-nine and the Blues having jumped up to forty-nine, making a total of seventy-eight in one hour, or more than one a minute.

Things took a big jump at this time and the headquarters took on an appearance of an excited stock exchange rather than an unassuming business office. Many of the reports, as they came in, were received with cheers by

WILL SAFEGUARD WATER SUPPLY OF HILO

(Special Star-Bulletin Correspondence)
HILO, Hawaii, Jan. 9.—The matter of the proposed sale of water rights on the Waikuku river was taken up by the board of supervisors at its meeting Wednesday as the result of a letter from Superintendent of Waterworks Vannatta. He stated that the supply of water available for the city is limited, and that before long it would be necessary to obtain more, and for this reason thought that the county should safeguard itself and make sure that no water should be leased, unless the water supply for any of Hilo was first safeguarded.

Vannatta's letter was referred to the committee on roads and internal improvements and to the county attorney. At a meeting which was held on Wednesday morning it was shown that not only would there be no difficulty in obtaining water for city purposes under the proposed license, but that the water would be kept cleaner and better than it is now taken through the company's pipe line. Vannatta stated that he was satisfied with the conditions when they were fully understood. Chairman Henry Lyman of the committee suggested that it would be well to write to Governor Frear asking that a watershed reserve be set aside above the intake of any pipe-line which might be constructed, to make sure that this water was not polluted before being taken into such pipe-line. This was decided upon by the committee, which passed the matter up to the territorial government in the form of a resolution.

Mrs. Peter L. Shepard, mother of Emily J. Shepard, the fiancée of Miss Helen Gould, has been blind and bed-ridden in the New Haven General Hospital for the last five years.

MILITARY PAGEANT PLANNED THOUSANDS MARCH ON FEB. 22

BRECKONS OPENS ARGUMENT IN MAHUKA CASE

U. S. District Attorney Breckons this morning began the presentation of the government's case in the fourth Mahuka site condemnation suit in Federal court. In his opening address he argued that the valuation placed on the E. O. Hall premises, of \$22.50 per square foot, is far too high, in comparison with the values of neighboring properties, and followed this up with the introduction of documentary evidence showing values in that vicinity.

The valuation of \$22.50 per square foot was the estimate of Expert R. R. Reidford. This was exclusive of the building, which he figured worth \$65,000, the two making a total of \$233,637.50 for the entire property.

J. M. Dowsett, called to the witness stand by Breckons this morning, said that a one-ninth interest in the land on which the new Pantheon block has been constructed, was sold in January, 1908, for \$3,500; that another one-ninth interest in the land was sold in September of the same year for \$4,000, and that in January, 1909, a similar share in the land, which as yet was unimproved by the new business building which has since gone up there, was disposed of for a consideration of \$6,000.

A. N. Campbell, in the witness chair, said that in his opinion property such as that occupied by E. O. Hall & Son should have given a rental income in December, 1910, of seven per cent. Other witnesses introduced by the government and who testified briefly today were John A. McCandless, W. G. Ashley and Louis Abrams, secretary of the Hawaiian Trust Company.

FREAR DOUBTFUL OF WITHDRAWAL RUMOR

That President Taft is likely to withdraw Governor Frear's name and present that of either Gilbert J. Waller or E. M. Watson to the senate for confirmation as governor of this territory, as rumor current yesterday had it figured, is doubted by the present chief executive.

"As near as I can learn, the rumor is of local origin," said the governor when questioned on the subject today, "and is not the result of any recent information from the capital."

"Of course none of us know what may happen, but it looks extremely doubtful that Taft will send in the appointment of a Democratic candidate because the senate apparently has no intention of letting him make any appointment, of either Democrats or Republicans, to any job, desiring to hold them all up for the incoming president."

"The senate probably has no assurance that Taft's appointment of a Democratic office-holder would be any more acceptable to Wilson than his selection of a Republican might be, and from present indications it would seem they are not going to take any chances."

"It is quite likely that the appointment of a governor for Hawaii will be held in abeyance, together with all the others, until the new president takes office."

Dame Rumor is not saying much yet concerning a possible successor to Secretary E. A. Mott-Smith, though it is generally conceded that Mott-Smith will absolutely decline to re-

FAREWELL DANCE GIVEN BY CAVALRY TONIGHT

The enlisted men of the Fifth Cavalry will give a farewell dance to their army friends at the cavalry club, Schofield barracks this evening, and it is expected that besides a large turnout from the post, many Honoluluans who have "palled" with the cavalrymen will attend. A special train will leave Honolulu at 5:15 p. m., leaving Schofield for the return trip about midnight. Friends of the regiment from the city are invited to attend the dance, which will be the last social affair that the men of the Fifth will enjoy in Honolulu.

COL. CAMPBELL

Who promises that some, at least, of the 6000 men will appear in the big parade Washington's birthday.

Department of Hawaii Arranging for Spectacular Parade on Floral Parade Day—Many Troops Coming and Expected to Be in Line—Three Great Processions in One Day

There may be over 6000 men in the military parade on Washington's birthday.

Last Washington's birthday saw what was described as "the greatest military pageant ever seen in Honolulu." There is every reason to believe that this year will see one twice as big. The prospects are that the forces here on February 22 next, to do proper honor to the birthday of George Washington, will be larger than those here a year ago. Some of the same forces will be here some will be new, but in any event there is a disposition to see that the day is patriotically honored. Probably no other American city will see honors done by the military to the flag Washington established among the nations of the earth, on a much greater scale than will Honolulu.

"We hope to have a fine military parade," said Major A. Archibald Campbell, when asked regarding the plans being formed, "but nothing definite can be assured yet, and no orders have been issued. We expect something on the lines of the last Fourth of July observances, with athletic exercises in Kapiolani park after the parade. It is impossible to say what regiments will take part, for various changes are going on, and it is not known, definitely, just what troops will be here."

Forces Probably Here
The forces that will probably be here on Washington's birthday are the First, Second and Twenty-fifth infantry, and the Fourth Cavalry. If they parade it will be the first appearance of some of them on the streets of Honolulu.

An Impressive Parade
According to the present prospects of army movements, there may be over 6000 men on foot and mounted, in the parade, with which the army forces here will honor Washington's birthday, on the morning of February 22, Honolulu has seen big parades before, but never anything like the one with which Uncle Sam's forces here are likely to begin the proper observances of the national holiday which is regarded by many Americans as the greatest of all their patriotic days. Honolulu will have been celebrating for several days, enjoying her Carnival week with enthusiasm, and she will be ready with colors flying when the army men, cavalry and infantry, march through the streets with their colors and their bands, foot and mounted. Those in charge of the Floral parade will be to follow in the afternoon, are trying to arrange for a grand patriotic decoration and appropriate demonstrations.

Jones Hopeful
"I hope the military parade will take place," said Colonel Jones, of the

(Continued on Page 2)

COL. RUMBROUGH OF ARTILLERY IS DEAD

Colonel D. J. Rumbrough, commanding the First Field Artillery, at Schofield Barracks, is dead. This word reached department headquarters this morning, in the form of a mail copy of a telegram to the adjutant general of the army from Chicago, where the officer passed away, December 26th.

This is the first news that the regiment has had of its colonel's death, and it comes as a shock and a surprise, for while Colonel Rumbrough left here nearly six months ago a very sick man, recent advices were that he was on the mend. His death followed an operation in a Chicago hospital for a complication of appendicitis and liver trouble. He was a native of Virginia, born March 5, 1856.

The question of a successor to command the First at once arises. There were two additional colonels in the field artillery, making eight, including the late officer, and with only six regiments, this still leaves seven colonels. It is therefore unlikely that any promotion will result from Colonel Rumbrough's death. Three full colonels of the Field Artillery are now on detached duty, any one of them being eligible for the local command. The three are Colonel E. St. Greble, who stands No. 3 on the list, and is now attached to the general staff; Colonel C. W. Van Deusen, No. 4, on recruiting duty at Fort Logan, Colo., and Colonel E. A. Millar, No. 5, at Fort Riley, Kan.

Second Battalion Arrives.
Companies E. G. and H. Second Infantry, arrived at Fort Shafter this morning, having left Schofield yesterday, and laked in, camping at Pearl City for the night. Company F, the fourth organization of the second battalion, arrived at Shafter some days ago, and has prepared a permanent camp for the battalion, so that when the companies arrived this morning they found a good start made on their new home. Of course there is still much to be done, and it will be several days before the battalion is settled.

HAWAII'S BOARD GRANTS SHERIFF PUA'S DEMANDS

(Special Star-Bulletin Correspondence)
HILO, Hawaii, Jan. 9.—In the report of the police committee of the board of supervisors Sheriff Pua was granted a number of increases in pay for his men and most of his other requests were also granted, though the station clerk for the third watch was cut out by the recommendation of the committee. In regard to his request for \$10,000 with which to install a telephone system for the police to connect the various districts the committee could not see their way clear to do anything but suggest that the managers of the various districts should be asked to put the deputy sheriffs and their men who had telephones on the same lines.

The request for a stenographer and typewriter was turned down but the sheriff was authorized to borrow the stenographer from the office of the county attorney when he was needed and could be spared. The construction of a ward for sick prisoners at the Hilo jail was recommended but the committee refused to grant the request that the present station house be raised to put in a basement with a lockup, that prisoners might be kept there instead of being taken to the jail.

Among the appointments which were decided upon by the board at its meeting were the following: William Vannatta, to be superintendent of water works and building inspector for Hilo; M. S. Pacheco, to be road clerk for South Hilo; William Jokia, to be Hilo fish inspector; Joseph Vierra, to be road supervisor for South Hilo; Marvin Campbell, to be superintendent of the Kamuela waterworks at \$20 per month; Archie Kaaua, to be road supervisor of South Kohala at \$80 per month; William Wilson, to be road supervisor for North Kohala at \$80 per month.

The pay of the deputy county treasurer and of the deputy county auditor was raised to \$125 per month each.

SHE SENDS BULGARS HER ULTIMATUM

CABINET POSSIBILITIES

Reading down from the top, the above cabinet suggestions are: William J. Bryan, Joseph Daniels, A. Ketchell Palmer, Obediah Gardner, and Edwin L. Norris, governor of Montana, and reported as first choice for the portfolio of the interior department.

PROPOSALS FOR CABINET HIT HAWAII

By C. S. ALBERT

(Special Star-Bulletin Correspondence)
WASHINGTON, Jan. 2.—Hawaii is deeply interested in two cabinet suggestions that have been made up to this time. Both are possibilities for Secretary of the Interior. This is

SHIPPING AGENTS TELL OF GREAT OCEAN OCTOPUS

WASHINGTON, Jan. 10.—Shippers and shipping agents from all over the country are appearing before a committee investigating the alleged shipwreck today that the so-called London conference controls the trade between New York and every South American port.

Prodged by Austria And the Triple Alliance Rumania Demands Com- pensation for the Gains of Territory.

(Associated Press Cable)

LONDON, Jan. 10.—A hot shot has been thrown into the Balkan situation by the action of little Rumania, in issuing an ultimatum to the Bulgarian government. Rumania, believed to be stirred up by the Austrian government as the instrument of the Triple Alliance, has been held out of the Balkan confederation. As a consequence, she has suffered more or less from the gains of her sister Balkan states. She now demands compensation for the territory she has lost and for the damage done her property and the property of her citizens. Unless Bulgaria pays, the note she sent out today declares that Rumania will fight.

CONSTANTINOPLE, Jan. 10.—The great powers represented here have sent to the Sublime Porte a gentle warning to clear out of Adrianople and intimating that the sultan's evacuation of his European possessions would be a good thing for all concerned.

SUCHARIST, Roumania, Jan. 10.—It was officially announced here this morning that the Roumanian government will begin mobilization unless a satisfactory answer is received from Bulgaria within the next forty-eight hours.

FRENCH BEAT OFF MOOR ATTACK; KILL HUNDREDS

MOGADOR, Morocco, Jan. 10.—Following a desperate attack upon a flying column of French troops by the bandit Moors near here yesterday, the attackers were beaten off by the French soldiers, with a loss of more than five hundred killed, and nearly a thousand wounded. The French used machine guns with deadly effect. Their own loss was twelve killed and sixty wounded. The charging Moors twice broke through the line of bayonets and hacked down the infantrymen. Additional assaults of French columns of pacification are expected at any time, as the whole country South of here is reported to be in a state of great unrest.

FIRST NAT'L HAS MILLIONS TO LEND INVESTORS

WASHINGTON, D. C., Jan. 10.—According to the statements made the House committee on the money trust investigation, by George Baker, the New York banker, the First National Bank of the metropolis has more than 79 million dollars ready to loan investors. He went into detail regarding the character of the stupendous fund of money and said how the bank safeguards its loans.

The committee has sent a representative to Miami, Florida, to meet William Rockefeller, who is reported to have sailed from Nassau, Bahamas, this morning. With that representative will go a physician.

WASHINGTON TO DECIDE FATE OF CASTRO

NEW YORK, Jan. 10.—Judge Holt today suspended the writ of habeas corpus applied for by Cypriano Castro, former president of Venezuela. The court stated that he wishes time to decide whether he shall allow Castro to land at Ellis Island pending the final decision in his case by the authorities at Washington. Castro's status has not been settled by the capitol as yet.

SECOND FREEZE THREAT- ENS SOUTHERN CALIFORNIA

LOS ANGELES, Cal., Jan. 10.—The weather man here today predicted another freeze for tonight. The indications, he says, are for a more severe cold spell than that which has already done such tremendous damage to the crops of this district.

WHITELAW REID'S WILL LEAVES ALL TO WIDOW

NEW YORK, Jan. 10.—The will of the late Whitelaw Reid, former ambassador to Great Britain, was filed here today. It leaves everything of which the diplomat, statesman and journalist died possessed of to his widow.
